

Hard work is easier when you have *the right tools*.

TimePayment's financial solutions get you the fitness and exercise equipment you need *fast*, with simple applications and easy monthly payments to help you maintain a healthy budget.

Setting up your business with the exercise equipment you need to serve your customers isn't easy. Choosing the best machines to make your company successful is only part of the process – you need to be able to acquire or replace them quickly and reliably. That's where *TimePayment* can help.

Our financial programs give you the power to keep your business running smoothly, from easy online applications to decisions in as little as two minutes. When you work with

TimePayment, you can get the financing you need the same day, all without the stress of endless paperwork or disruption to your business plan.

With predictable monthly payments and no need to deplete your cash reserves, financing your gym and exercise equipment through *TimePayment* means you're free to focus on what matters most – giving your customers what they want.

Benefits

- Affordable monthly payments
- Credit decisions in 2 minutes
- Apply on your computer or mobile device
- Same-day equipment financing
- No need to deplete savings
- Does not tie up credit cards or lines of credit

TimePayment has helped thousands of businesses stay competitive, and we're excited to see what we can do for you.

You know you need rugged, reliable equipment – and cash on hand – to build and maintain a healthy customer base.

In a crowded market, your success depends more than ever on capable equipment that saves your company valuable time. Tying up your savings, lines of credit, or credit cards in order to buy that equipment leaves you vulnerable to unexpected expenses, and can mean the difference between a bump in the road or the end of the line.

TimePayment gives you the power to finance your equipment with predictable monthly payments, letting you focus on running your business instead of worrying about the future. Unlike other providers, we give you three critical advantages:

1) Convenience. Complete the entire process from application to funding on your mobile device or computer, making it easier than ever to get what you need.

2) Speed. With online credit decisions in less than two minutes, full applications in less than 15, and same-day funding possible, you can put your equipment to work right away – no financial services provider delivers completed approvals faster.

3) Flexibility. *TimePayment* supports transactions over a huge range of price points, works with a variety of credit profiles, and can offer financing on equipment other providers won't consider. If your business needs fitness and exercise equipment, chances are good that we've financed it for someone just like you.
